

# ERICE SCHOOL ON NEOs

Erice, Italy

15- 21 November 2020

## Background

- **Ettore Majorana Foundation and Centre for Scientific Culture** - annual seminar on planetary emergencies, Erice, Italy
- 2018 Panel on Planetary Emergencies - Recommendation for an **interdisciplinary school on near-Earth objects to be held at the Centre**, organized in cooperation with UNOOSA and partners (NASA PDCO/IAWN; SMPAG; INAF; ASI..)
- NEW dates: **15-21 November 2020**

## Objectives

- **Ettore Majorana Foundation and Centre for Scientific Culture** that annually hosts more than 70 schools covering a variety of scientific, sociological, cultural and policy issues (see <http://www.ccsem.infn.it/em/schools/index.html>).
- The aim of the proposed School is to cover the interdisciplinary nature of this challenge to reach to the generation of scientific advisors who are aware of all the aspects (scientific-, decision-making-, communication- and disaster-response related) of the matter.
