

External satisfaction metrics for ESA Science Archives

Bruno Merín
AAUG Meeting 28-10-2021

- Why ?
 - To complement the surveys with more concrete feedback by users
- Possible metrics:
 - For logged-in users we can send a post session email to ask for their specific feedback.
 - For non-logged-in users, we can maybe offer a five-star rating function and a feedback box after downloading data.
- What does the AAUG think?
