**Subject: Call for Membership in the Expert Committee for the Large mission covering the science theme “Moons of the Giant Planets”**

Dear Colleague,

I am pleased to invite you to respond to the *Call for Membership in the Expert Committee for the Large mission covering the science theme “Moons of the Giant Planets”* issued today.

“Moons of the Giant Planets” is the science theme selected for the first Large mission in the Voyage 2050 ESA’s Science Programme long-term plan.

The Call, containing information about the tasks of the Expert Committee for the Large mission covering the science theme “Moons of the Giant Planets”, and information needed by applicants, is available at:

<https://www.cosmos.esa.int/web/call-for-expert-committee-for-moons-of-the-giant-planets>

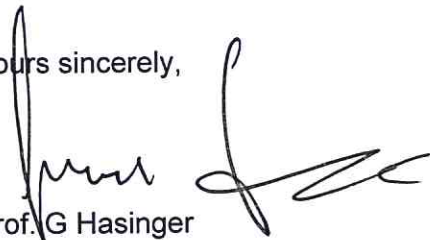

The deadline for receipt of applications is **18 January 2022 at 12:00 (noon) CET**.

Applications must be submitted electronically to ESA as indicated in:

<https://www.cosmos.esa.int/web/call-for-expert-committee-for-moons-of-the-giant-planets>

I would appreciate if you could circulate this Call to interested colleagues within your institute.

Yours sincerely,

Prof. G Hasinger

Director of Science
